11.00 – 11.45 am: Introduction to the study, general information and short activity (Room D002)

12.30 – 13.15 pm: lunch\* + meeting your mentor

13.15 – 14.00 pm: Animal Biology Introduction (room D002)

14.00 – 15.45 pm: Animal Biology Lecture (room D004)

**Tuesday, August 31<sup>st</sup>**: Your second school day

08.30 – 10.15 am: Animal Biology (room D002)

10.15 – 11.00 am: Animal Biology Workshop (Group b; others groups check schedule)

11.00 – 11.45 am: Introduction Study Mentoring (E002)

11.45 – 13.15 pm Speed dating with our third year students and lunch\* (Garden)

14.00 – 15.45 pm Sector Orientation/Animal Biology (see schedule)

\* lunch and meal are offered by Van Hall Larenstein. Please inform us for special diet wishes:

We expect you to attend the complete program. If you **CAN'T** attend (because you are in quarantine or have health issues like fever), please send an email to [Bas.Arns@hvhl.nl](mailto:Bas.Arns@hvhl.nl) with the reason why you can't attend. We will inform you about an online option to attend where possible.

In addition to the program for August 30<sup>th</sup> and 31<sup>st</sup> above, more lectures and activities have already been scheduled for you in the first week as can be seen in the schedule below.

On Monday, 30<sup>th</sup>, we will explain how to check your schedule online as this is very important since schedule changes and updates occur regularly.

Also, please be aware that your academic year will consist of a combination of online and live sessions since we are required to follow some Covid-19 protocols. Although our 1<sup>st</sup> year new students have been given priority to the campus, you will also have some lectures, study groups, and coaching sessions online via Microsoft Teams.

To participate effectively, you need to be fully enrolled and have completed all registration requirements in order to receive your personal account. This account is necessary to access online activities. We strongly recommend you finalize your registration **before August 30<sup>th</sup>!**

Additionally, our IT department has prepared an online course to introduce you to our various digital educational systems and environments used at VHL. You can take this course via this link: [Digital Course VHL](#), you will need a VHL account to access it. We recommend that you take this course before the first school day as soon as you have received your account number.

If you don't have an account yet, you can [Enroll here](#). You can also find other relevant information for starting at Van Hall Larenstein at: [digital services](#).

Lastly, we want to point out that it's necessary for our program to have a suitable laptop. This laptop should have a webcam, microphone and access to a stable internet/WIFI connection so you can attend online lectures.

You may contact Bas Arns ([Bas.Arnshvhl.nl](mailto:Bas.Arnshvhl.nl)) for questions about the start of your Animal Husbandry study OR for general administrative/registration related questions, you can contact the Student Service Desk (+31 6 12 85 68 51 by WhatsApp, or mail [servicepoint@hvhl.nl](mailto:servicepoint@hvhl.nl)).

See you Monday August 30<sup>th</sup> at the start of school year 2021-2022!

Animal Husbandry Team
