Introductionweek
Van Hall Larenstein
Velp, 2018

A great start to your studies!

Preface

Dear upcoming student,

Whilst you are enjoying a well-deserved holiday we are busy making arrangements for the best week of the year, the introduction week!

Starting on the 27th of August you are invited to partake in a week full of activities where you will have the chance to explore the school and its surroundings. You will be camping on the estate together with your fellow first-year students, who you will get to know whilst participating in many activities and relaxing around the camp-site.

Students from VHL will guide you whilst you explore Velp, the estate and of course the many exciting aspects of city life in Arnhem. The activities are varied so everyone can find something he or she enjoys, be it an afternoon of sport and games, barbecuing, partying with one of the student associations, relaxing next to the warmth of a campfire or going on wildlife excursions.

What could be a better start to your studies than the introduction week?!

If you are excited and ready for a great week, like we are, then do not hesitate and register as soon as possible at www.hvhl.nl/introvelp

We hope you will join us in making this the best week of the year!

We hope to see you soon,
The Introduction Student Team VHL Velp

Program

You are expected to arrive at Van Hall Larenstein on Monday the 27th between 10:00 am and 11:00 am, where you will be staying throughout the week.

There are two campsites on the estate, the Aborigicultura campsite and the Quercus campsite. More information on these campsites and the student associations can be found further on in this booklet. If you have a preference for one of the campsites this will be taken into consideration. You will also receive an envelope containing information that will come in handy during your studies.

Whilst you are setting up your tent you will meet your mentors and get to know your mentor group, after which we will kick off the week with

At night the student associations have organised several parties for you to go to, or if partying is not your thing you can join one of several wildlife excursions or just relax next to the campfire. Other activities during the week include an afternoon of swimming, a bike ride through Velp, the intropoly in collaboration with other universities and a grand final party to end the week where all students from the HAN, Van Hall Larenstein and Artis are welcome!

On Friday the 31st of August there will be a final moment to get breakfast, after which everyone will go home and you will have the chance to reflect on the best week of the year!

Feel like continuing the party after Friday? Then ask one of the student associations about the prolong weekend!

Sv. Arboricultura

Since 1908 sv. Arboricultura is known for having fun with each other, big parties and fun educational activities. The association has been around for 110 years now! This makes us the oldest HBO student association in the Netherlands. Everyone is welcome at Arbori. Nothing has to be done, it's all about the fun. In our soos, in the center of Arnhem, there is a good atmosphere and we are always in for a party!

Activities

During the year a lot of fun activities are organized at Arbori. Big party's at the soos, high beers, movie nights, dart competitions, awesome weekends at a cool location, a wintersportweek and a lot more!

Commissions, develop yourself!

Arbori has a lot of different commissions. It's possible to develop yourself in your own way. If you like to bartend, organize study related activities, play music at awesome party's, or even arrange those party's yourself, Arbori has it all!

Social networking at Arbori!

Because your study is really important too, we organize study related activities. Like the 'takkenbar' where you can study plants for your tests. But also interesting lectures and excursions! With this you also expand your network, which will be useful for after you study period. The green work sector is a small world, your fellow students from now could be your colleagues later. The best and everlasting friendships are born at Arboricultura!

Does this sound good to you?

Do you want to know more about Velp, the association or studying at Van Hall Larenstein? Register at the Arboricultura campsite and take a look at our facebook page and website! You can always contact us via the contact information below.

Sv. Quercus

The Student Association of Van Hall Larenstein University of Applied Sciences and the MBO Helicon.

Sa. Quercus

The Student Association of Van Hall Larenstein University of Applied Sciences and the MBO Helicon. Student Association (in short Sa.) Quercus exists for almost 65 years and has had so it's society moved several times.

It started in the cellars of the estate 'de Witte Villa' in Park Sonsbeek and nowadays is located near the Rijnstraat in Arnhem. At Sv. Quercus, friendships for life are created. It is a place for learning, relaxation and being social together, a to find help with your study or to help others. In the middle of the inner city of Arnhem, in one of the oldest buildings, our beloved Society 'De Drie Haringen' is located. There are many activities to participate in, in and around the Society. Every year many exciting activities are planned, be it new or old. Parties, sailing weekends, barbecues and not to forget the introduction week!

Not only is a Student Association good for partying and participating in activities, it is a good place to meet people who can help you during your study, provide internships or even jobs. Sa. Quercus has a broad network of old members who still regularly visit or are easy to contact. Do you want to become part of this network?

This is not only possible by becoming member of one of our fraternities, but also through contributing in the commissions that organise our activities.

In short, we welcome everyone to come and find their place in the greatest Student Association of Arnhem and surroundings.

Introduction week

De introductieweek op Van Hall Larenstein.

Your study at Van Hall Larenstein starts with a week of camping, a lot of activities and making new contacts and friends, in and around the estate. **Are you prevented of joining us in Velp Monday morning? Or do want to get acquainted with the association beforehand? Contact us!** See you in the introduction week!

The Quercus intro week extension.

Are you interested in extending the introduction week into the weekend? That is possible! After the amazingly fun introduction week, the intro week extension will be organised. Come and enjoy the weekend with fires, more drinks, unique activities and fine cooking. In this weekend you will get to know the members even better. This weekend will take place in one of the several Quercus houses.

Enlist for the introduction week!
