Working with animals with passion and impact

Are you interested in social developments, and do you have a passion for animals? Do you want to make a difference in the (international) animal sector as a researcher, consultant, entrepreneur or manager? Then this current, challenging study programme is something for you.

The Netherlands is at the forefront of breeding, animal nutrition and animal welfare. The animal sector is dynamic and is in the spotlight. Animal welfare and sustainable management are paramount during and after your studies. Together with others, you will learn how to come up with solutions for social issues within the sector.

Are horses your passion? Then help to make the international horse sector more sustainable and modern. You know everything about horses, in terms of top-class sport or as a hobby. Using your business knowledge and insights, you commit yourself to horse farming and the surrounding organisations. Welcome to the club! Do you love farm animals? Due to your broad knowledge of cows, pigs and chickens and healthy business operations, you will be able to work worldwide. You will develop innovative business models, and you will soon contribute to a sustainable agri-food sector as an ambitious professional.

Degree

Upon graduation you will receive a Bachelor of Science degree. Our bachelor programmes are accredited by the Accreditation Organisation of the Netherlands and Flanders (NVAO).

Duration

4 years

Language

English

Admission

A secondary school diploma is required, which is equivalent to the Dutch HAVO diploma, e.g. International Baccalaureate diploma or A-Levels. It is highly recommended your diploma has a final examination in chemistry but this is not a mandatory admission requirement. You need to prove your English proficiency by providing a certificate issued by selected language institutions (TOEFL 80/IELTS 6.0 or other equivalent certificates).

High-quality study facilities

Equine focus from the start

Practical focus

Personal coaching

Sustainable livestock farming

Studying in Holland

Holland is well known for being open-minded, tolerant and internationally oriented. Study and living costs are affordable and the quality of Dutch institutions is well-recognised. Off campus you can explore the picturesque nature areas that surround our site in Velp by foot or bike. Throughout the year there are several free festivals, markets and concerts where you can hang out with your friends and meet the locals. Amsterdam, The Hague, Berlin and Paris are only a short train journey away.

"Thanks to various business visits in the sector, I have built up a good network. I am still able to rely on it."

Caroline Dach, eventmanager at Reed Exhibitions

Facts and figures

	Theory	Practice
15-20 lesson hours per week	70%	30%
20-25 hours of weekly self-study	Individual 65%	Teamwork 35%

These facts and figures give an estimate of the time you spend on your studies.

Potential professions

- Advisor on animal feed
- Project manager in agribusiness
- Account manager in horse insurance
- Event organiser
- Marketeer in an industry association
- Self-employed professional
- Animal expert

The world is at your feet when you are a graduate student of Animal Husbandry.
