university of applied sciences

Combine your passion for horses with your work

Do you have a passion for horses and an itch for societal developments? Do you want to make a difference in the international equine sector as a horse feed consultant, marketer, breeding expert or event manager? Then this challenging and fascinating programme is for you.

During your studies, you will spend half of your time studying the horse itself and the other half on the business side of the equine world. You will learn about nutrition, genetics and animal welfare. In addition, you will follow courses such as marketing, finance, event management and business. In the meantime, you will automatically be part of the programme's extensive international network.

The equine sector is dynamic and developing rapidly. The Netherlands is leading the way in this respect. The sector would like to show what is most important: respectful treatment of horses. Everyone who works with horses is responsible for the welfare of the animal, whether it involves professional sport or is just a hobby. Will you take the lead later?

Degree

Track of the Bachelor Animal Husbandry. Upon graduation you will receive a Bachelor of Science degree. Our bachelor programmes are accredited by the Accreditation Organisation of the Netherlands and Flanders (NVAO).

Duration

4 years, starting in September

Language

English

Admission

A secondary school diploma is required, which is equivalent to the Dutch HAVO diploma, e.g. International Baccalaureate diploma or A-Levels. It is highly recommended your diploma has a final examination in chemistry but this is not a mandatory admission requirement. You need to prove your English proficiency by providing a certificate issued by selected language institutions (TOEFL 80/IELTS 6.0 or other equivalent certificates).

High-quality study facilities

Equine focus from the start

Practical focus

International network

Personal coaching

Studying in Holland

Holland is well known for being open-minded, tolerant and internationally oriented. Study and living costs are affordable and the quality of Dutch institutions is well-recognised. Off campus you can explore the picturesque nature areas that surround our site in Velp by foot or bike. Throughout the year there are several free festivals, markets and concerts where you can hang out with your friends and meet the locals. Amsterdam, The Hague, Berlin and Paris are only a short train journey away.

“During my studies and international internships, I was able to discover where I feel at home and what my strengths are.”

Vivian Proföhr, online marketer

Come by for a visit!

We would be pleased to welcome you. In addition to our open days, VHL also organises orientation days, one-on-one conversations with students and lecturers, as well as other events. For the latest information and registration, please visit:
