Are you enterprising and do you have a passion for animals?

Dutch animal industry is dynamic and of a very high level. On an international scale, the Netherlands is a frontrunner in the field of breeding, nutrition and the well-being of animals. Will you contribute to further development in the industry? Will you support the people and businesses who are active in the horse industry? Or will you ensure that the Netherlands stays an important player in global livestock farming? Developments proceed at a rapid pace. Production in livestock farms is increasing rapidly, and this development coincides with an increasing focus on the health and well-being of animals. Will you take on the major challenges? The industry can certainly use well-trained specialists like yourself!

Studying in Holland

Holland is well known for being open-minded, tolerant and internationally-oriented. Study and living costs are affordable and the quality of Dutch institutions is well-recognised. Off campus you can explore the picturesque nature areas that surround our site in Velp by foot or bike. Throughout the year there are several free festivals, markets and concerts where you can hang out with your friends and meet the locals. Amsterdam, The Hague, Berlin and Paris are only a short train journey away.

"Thanks to various business visits in the sector, I have built up a good network. I am still able to rely on it."

Caroline Dach, eventmanager at Reed Exhibitions
