

Activities open day 24 February

Activities (whole day)	Location	Education	Description
Trailer	Main square	Management of the Living Environment	Not only will the students give you the 'sustainable, green VHL-speech' but they'd also like to have a conversation with visitors about what can be done differently or better. We write down all of your ideas. And we'd also like to hear what you think of our open day. We'd love to see you at the trailer.
Plants and birds quiz	A017	Forestry and Nature Management	Can you recognize different kinds of birds? At Forestry and Nature Management we have a quiz ready for you to test your knowledge of birds and trees!
Soil drilling	A017	Forestry and Nature Management	The soil is where all plant and animal life starts. There are many different types of soil in the Netherlands. We did some drilling this morning on the estate to see what kind of soil we have here. Curious? Come and see at Forestry and Nature Management.
Horse anatomy	A009	Animal Husbandry/ Equine Sports & Business	Test your knowledge of the anatomy of the horse.
Cow health	A009	Animal Husbandry/ Applied Animal Science	How do you score the condition of cows? A short workshop is scheduled at 11.00 and 12.30 hrs.
Chicken judging	A009	Animal Husbandry/ Applied Animal Science	How to check if a chicken is healthy?
Refugee Republic	E007	International Development Management	Do you think refugees are passive victims? Then spend some time in Domiz in northern Iraq and find out what everyday life in a camp is really like.
Cocoa Flavors Film project	E007	International Development Management	The film shows Linda Amponsah and Isaac Twumasi in cocoa warehouses of the port of Amsterdam and also includes historical footage and footage from the Visual Problem Appraisal Flavors of Cocoa and Chocolate.
Workshop Sustainable Development Goals (SDG)	D009	International Development Management	In a workshop you will learn more about the 17 Sustainable Development Goals (SDGs) agreed Internationally in autumn 2015. The SDG Agenda 2030 helps us to save the future of our planet and challenges us to come with transformative ideas to create a better place for the future generations. Time: 11.45 and 13.15 hrs.
BizznessXperience	B007	Agribusiness and Business Administration	Agribusiness and Business Administration challenges you to take part in a management game! At the entrance you receive the fictitious amount of €5000,-. This is your capital for starting up a sustainable business in the food and agriculture sector. You can begin right away!
Demo: Digital DATA mining	C009	Land and Water Management	At Land and Water Management and Forestry and Nature Management we gather digital data with a Total Station and a GPS. Want to see how this works? Come to C009 and watch our demonstration video!
Branch test	E023	Garden and Landscape Architecture	Knowing your shrubs and trees is basic knowledge for a garden and landscape architect. At Garden and Landscape Architecture you can test this knowledge. How many shrubs and/or trees do you recognize just by looking at a branch or a leaf?
Visit of the estate and botanical garden	E023	Garden and Landscape Architecture	Visit a small cultivated part of our unique estate with one of our professors and get inspired in our botanical garden. At 10.45, 11.30, 13.00 en 13.45 hrs.
Quiz: find the design!	E023	Garden and Landscape Architecture	Pair the design sketches with the right park or square. Do you recognize these famous squares and parks? Extra points if you can name the city!
Quiz: test your knowledge of garden art history	E023	Garden and Landscape Architecture	Can you place examples of different styles – classical antiquity, renaissance, baroque, English landscape, modernist and post modernist – in the right order on a time line?
Get busy in our Food Lab!	A019 and A027	Food Technology	Have a peek at our labs and see how students of Food Technology are busy developing new products. You can taste the results!
